## **DETAILED ACTION**

### ***Specification***

The disclosure is objected to because of the following informalities:

In page 2, line 2, the recitation “as the tine” is extraneous and should be deleted.

In page 2, line 5, it is suggested that “make shift” be corrected either to --alters— or --changes--.

In page 2, line 7, --the-- should be inserted after “of”, and in line 8, --is-- should be inserted after “that”.

In page 2, the words “In” (line 8), and “there” (line 9) are extraneous and should be deleted.

In page 5, line 8, “be various” should be corrected to --vary--.

In page 7, line 7, “coupled” should be corrected to --couple--.

Appropriate correction is required.

### ***Claim Rejections - 35 USC § 112***

The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

Claims 1-12 are rejected under 35 USC 112, second paragraph, as being indefinite.

In claim 1 (as currently amended), line 11, and in claim 10 (currently amended), line 13, the recitation “ring-like” is indefinite. To avoid indefiniteness it is suggested that each of the claims be amended by deleting “ring-like” and in lieu thereof inserting -- ring-shaped --. Support

Art Unit: 3671

for this language can be found in the specification, page 8, line 30, wherein the metal foil insert 12 is referred to as having "a ring shape."

***Allowable Subject Matter***

Claims 1-12 would be allowable if rewritten or amended to overcome the rejection(s) under 35 U.S.C. 112, 2nd paragraph, set forth in this Office action.

***Conclusion***

Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a).

Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

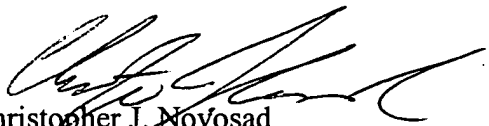

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the date of this final action.
